EXAMINER'S REASON FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest individually or in combination the limitation of a DMA-transferring means for DMA-transferring liquid ejection data compressed to be developed in line from said main memory to said decode circuit, DMA-transferring liquid ejection data developed in said line buffer to said local memory per word unit and DMA-transferring developed liquid ejection data stored in said local memory to a register of a liquid ejection head sequentially, wherein said line buffer comprises two side buffer areas capable of storing developed data of predetermined words, wherein liquid ejection data developed by said decode circuit is sequentially stored in one of said side buffer areas and liquid ejection data developed by said decode circuit is sequentially stored in the other of said side buffer areas when developed data of predetermined words has been accumulated, *while developed data of predetermined words is DMA-transferred to said local memory for each predetermined words when developed data of predetermined words has been accumulated, wherein said local bus is a transferring path of liquid ejection data transferred from said decode unit to a recording head.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
